Only apps published before January 20, 2021 are eligible for this extension. Was this app first published before January 20, 2021?  
Yes

This extension is intended to aid developers that need more time to comply with Google Play's Payments policy. Do you need more time to comply with Google Play's Payments policy?

Yes

Please explain why you need additional time to comply with Google Play's Payments policy.

Our bespoke payment system is critical to our user experience. Due to significant feature gaps (payment/subs/discounts), Google's system is not a suitable substitute and exclusive use of Google's systems will meaningfully harm our users (inflate prices) & undermine our business
